<p>I'm concerned about the impact of a further 123 houses will have on the local schools, schools are already very busy, the roads around schools are horrific &amp; accidents are inevitable with more traffic. extra houses will also impact dr &amp; dentist appointments, again these are already very limited. The new development will ruin the character of Upper Cumberworth &amp; ancient woods, children have played in those woods all their life &amp; I'm concerned harm would come to the woodland from the development. The sewer, water &amp; drainage system is always with issue, roads closed or roadworks in place due to burst pipes, this would be even worse with more houses to cope with, leading to issues with traffic through the village. The village has so much traffic &amp; more to come with the approved quarry traffic, again this is extremely concerning as a resident due to high accident risk &amp; pollution.</p>
