Postcode:	

## User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I wish to make an objection to this application . The field in question is part of the Greenbelt , it is not earmarked for housing. The views around this field , to the conservation area around the church and up to Birds Edge are all part of the long range vista that so many hold dear. The ancient woodland is a well known beauty spot with many walkers using the footpaths , the trees have been there since the 1600s . This development if it goes ahead will affect that green infrastructure, and impact on a wide variety of animals and plants .</p> <p>The village is small and this development equates to a third increase ,it will change the village forever , effectively merging with Denby Dale and Shepley . We must preserve these unique landscapes.</p> <p>Data presented to walk councillors between March and November 24 , highlighted in excess of 176000 vehicles using the Barnsley road , and since then we have seen approvals for housing and the quarry ,increasing traffic, noise and pollution . This development will add to that , villagers are already worried about crossing the road and on a school day at pick up times , traffic often backs onto Barnsley road from Cumberworth lane .</p> <p>The fields around the site flood when it rains and the waste water sewer is often surging into the woods causing pollution .</p> <p>This application is outside the Local plan , the developers have done no consultation and it should be thrown out .</p>
