<p>I moved to this area for the green space and nature. For 19 years I had walked daily around the local green space and woodlands as have my children who had grown up here. Our village thrives on the small close knit community that has created a welcoming church, not too overly populated school and local amenities. There isn't the space in the local school for children of 123 family homes. The main road is dangerous to cross and the natural habits will be ruined by such a big plan.</p>
