

About the application

Application number: 2025/60/93572/E	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>This proposed development would be a great detriment to the openness of this beautiful green belt site and does not fulfil any criteria that would allow it to do so as set out in local and national planning policy.</p> <p>A site of this expanse would have a great negative impact on this rural location, spoiling wonderful views that are appreciated by villagers and visitors alike that contribute to the pleasure of living in a village like Upper Cumberworth.</p> <p>A development of this size would most definitely have a negative impact on the adjacent ancient woodland resulting in loss of flora and fauna for many years if not forever.</p> <p>The village of Upper Cumberworth and immediate surrounding areas are already struggling with depleted access to local services ie doctors, dentists and bus services. This development would have a serious impact on existing highways issues namely the busy A635 leading to the Sovereign crossroads - already a notorious accident area and Carr Hill Road which is used as a rat run particularly at peak times of the day. Drainage and sewage problems have already been experienced in this area on a regular basis which will be added to if this development takes place. YW have stated that the network cannot cope.</p> <p>We need to preserve our villages and areas of greenbelt especially for the welfare of residents and visitors and not turn everywhere into large conurbations.</p> <p>For these reasons I object to the proposed development.</p>
