<p>The list of objections to this application are numerous and too many to list, but in summary the negative effects on the adjacent local woodland will be awful, water course issues, affect on wildlife, rare insect populations which live there. The enjoyment of these woods by locals. Access to and from negativity affected. The traffic impact alone to an already congested junction at the top of barnsley rd to the commuting problem through villages denby dale, to scissett and onwards. Services are full to bursting already. Where are children going to be educated? Doctor's/Dentists?</p>
