<p>I object to the planning application. This will have a detrimental effect on the landscape and eco systems that have currently been thriving for hundreds of years. In an era where we are encouraged to protect our environment and eco systems, this development goes against this in every way manageable. This is green belt land and this development will spoil a beautiful quaint village, increase traffic and noise and have a negative impact on public health services. Cumberworth village is too small to accommodate over 100 new houses being built.</p>
