<p>I object to the destruction of this greenbelt land...ive spent and still do spend countless days and nights on Park Lane and in the ancient woodland, enjoying the vista across the whole village from the top of Park lane . The ancient woodland is full of history, Neolithic buildings, WHICH IM SURE THE SYRROUNDING FIELDS WILL BE TOO! THIS MUST NOT BE DESTROYED. The plans are far too close to the woods. National standards say 50m. This puts the woods in danger of destruction along with its wildlife habitat including deer, foxes, badgers and the northern wood ant, which KMC want to protect!</p> <p>The roads are dangerous already, we had a near miss at Cumberworth crossroads last week...this development could add in excess of 500 extra car movements a day onto our black spots...</p> <p>Obviously when we visit we have to drive because public transport is non existent...a bus an hour which goes nowhere you want to go and a train service which if every 20 minutes and didn't get cancelled would be great...but it's not! Oh and the fact that you had to drive to the station because it's not safe to walk. Extra cars will make this area even less safe for our grandchildren.</p>
