What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I am 17 and this is my home. I have looked after and been taught to respect the greenbelt around me. I have done this every single day with the view that I was doing this for the people that live here once i leave home. Greenbelt by its definition should be protected from the likes of developers that think its ok to build houses where they like.</p> <p>I walk in the ancient woods daily and I see lots of wildlife in and around the field and in the woods. I know from my studies that building on the proposed site will defiantly damage the eco system in the woods because of contaminated water from the site as it is being built and once houses were built. We cannot replace the ancient woodland, we cannot replace the eco system and we cannot unbuild on greenbelt.</p> <p>Already in my house, we have never had good water pressure. If I am in the shower and a tap is turned on, or the washing machine is turned on, the shower almost stops. 123 more houses will make this significantly worse.</p> <p>I go to Huddersfield New College. I have to get my parents to take me to a bus stop as there isn't one in Cumberworth that gets me to the right place at the right time, I then have to get a shuttle bus. That's three modes of transport there and three back. It takes me about 1 hour 30 mins each way. This village does not have the infrastructure to cope with more school age children and teenagers.</p>
