Do you wish your comments to be published on the website anonymously?	No
<p>I would like to object to the proposed 123 house on greenbelt land. This land is as I just said, greenbelt and therefore should not be built on unless exceptional circumstances apply, which they do not.</p> <p>I drive to visit my family in Upper Cumberworth, I am registered disabled and I have an adapted car. The A635 is already heavily congested and is difficult to pull out across to head towards town. More traffic will impact on these junctions significantly. The busy road (Barnsley Road) is already congested and more cars will divide the village. I try to cut through and use Carr Hill Road but in more recent times that is also congested. Carr Hill road does not have a pavement and it's only a matter of time before a child is hurt. Developers should be made to do their traffic surveys at peak times, then you would truly understand how this village is creaking under the volume of cars as it is. I strongly hope you consider the wider impact of 123 houses and the amount of vehicles and delivery vehicles that will result in.</p>
