<p>The woodland next to the area is vital for the biodiversity of the area. Building so close to an ancient woodland would cause irreparable damage to the biodiversity and all the wildlife that lives there.</p> <p>Already limited doctors appointments away from the village, with no actual doctors surgery in the village of upper Cumberworth, which would make even less appointments. Local school nearly at the full capacity, they have a capacity at 124 pupils.</p> <p>There is over 200 brown field sites on kiklees register that should be developed on, before considering green belt field.</p>
