I object to this development as it would impact on the environment to loose this vast area of land. There is at least one conservation tree as far as I know and local wildlife would suffer from the loss of yet another open space. Also, how is there so much friend fur expensive new builds? There is not enough infrastructure, schools and doctors are already too full. The roads are extremely congested and he junction at the post office is busy and dangerous already without adding more traffic and junctions
