<p>The proposed development is on Green Belt land. This land borders our ancient woodland and would inevitably impact and destroy the existing habitat.</p> <p>The additional +-300 residents which includes +- 100 children would push the existing facilities and local services to breaking point.</p> <p>Barnsley road carries heavy and fast flowing traffic all day. The new intersection for access to the development is an accident waiting to happen. Considerable thought needs to be given to how vehicles enter/exit the site without causing dangerous traffic build up and driver anxiety.</p> <p>The Kirklees local planning revue has not been completed. This development is premature and is distorting the plan led system.</p>
