<p>This site is designated green belt. When taken away cannot ever be replaced. The drainage and sewers are already under immense pressure with continued water bursts let alone to cope with another 123 houses. 123 houses will ruin the character of the village. The roads will be like rat runs already known for been very dangerous Carr hill and sovereign. The parking at P.O and school are limited and are country roads. Cars will be left on main road if it snows nowhere else to park making it dangerous. Shepley drs are already over stretched. The wildlife habitat will seriously be affected. I urge the planning committee to refuse this application and build on Kirklees suitable brown field sites.</p>
