

I was a resident in Upper Cumberworth for approximately 35 years, living initially on Barnsley Rd and, for 25 years, on Carr Hill Rd at the top of Park lane.

I wish to add my objections to the proposed development on the land south of Barnsley rd and opposite Park lane, Upper Cumberworth.

Here are the grounds for my objection:

1) Upper Cumberworth is a beautiful village, enjoying green fields, woodland and quiet country lanes. The development would change the nature of the village.

2) The quiet country lane named Park lane would be spoiled by new housing and increased traffic.

3) The development would harm the peace of the nearby woodland and bluebell woods which are maintained by volunteers and which provide a peaceful haven for wildlife, flowers and visitors.

4) The development would significantly place pressure on the local schools, the doctors surgery and transport.

5) The development would place pressures on the infrastructure the sewage system, water supplies, etc.

6) There would be increased traffic on the A635 especially at busy access points to the proposed development.

In conclusion i wish to support the residents of Upper Cumberworth in their objection to the proposed development.
