Planning ref: Upper Cumberworth 2025/60/93572/E

Dear Sir/Madam

I would like to object to the housing development proposal in Upper Cumberworth.

The village does not have the required infrastructure to support this level of development. New developments of this size also have a high level of children who will not be able to be accommodated at the village school.

Consideration should also be given to the environmental damage this will cause to the local environment especially the ancient woodland which will be very close to the development.

There is an awful lot of other areas in Kirklees that can and should be developed before you start destroying the beautiful countryside around Upper Cumberworth.

It is worth remembering that once you destroy the countryside with these developments you will never have the benefit and pleasure ever again for either you or future generations.
