Subject: Planning g ref : Upper Cumberworth 2025/60/93572/E

Dear Sir/Madam

I strongly object to the housing development in Upper Cumberworth.

Firstly there is not the infrastructure with in the village to support this level of development.

Secondly the damage this development can and will do to the environment the damage to the ancient woodland and the wild life in the area.

Thirdly I am sure there is sufficient brow site areas within Kirklees that could be developed before you start to destroy beautiful countryside from which a lot of people get tremendous enjoyment.
