Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I visit Upper Cumberworth regularly to meet a friend living in the village .This is a small rural village not that well served by infrastructure.I always drive there as the bus service from Golcar is indirect and unreliable and the train is out of the question.Barnsley road is a busy road and the junctions at the top of Carr Hill road are dangerous .A new development of 123 houses would not be in keeping with the existing village way of life and as most households have 2 cars ,this would be an additional 246 cars on the road and entering onto an already busy Barnsley road . It is a fantasy to assume that the occupants can be persuaded to use public transport when the timetables do not fit into everyday life .</p> <p>Half of the village is in a conservation area and the views of the protected buildings can be seen from Park lane and any development will wipe out these views and similarly will the views of the ancient woodland .</p> <p>The proposed land is green belt and the land is outside the local plan and the development is not in keeping with its surroundings.</p> <p>I am also concerned about the ecology as there is so much wildlife in and around the woods which includes this field and to develop this site would takeaway this natural habitat and further impact the woodland negatively .</p>
