| <p>I am 12 years old and I want to object to 123 houses being built in Upper Cumberworth.</p> <p>I think Upper Cumberworth is special because it feels close to nature. If the fields were turned into houses it would feel less green and less like the place I know.</p> <p>When I think about the area, I think about birds, squirrels, ants, badgers and other wildlife. The woodland has been here for hundreds of years, and I think that is really important. I would like it to still be here when I am older.</p> <p>The fields are part of the animals home, if it is built on then we are taking that away from them.</p> <p>It makes me sad to think that children growing up here might not get to enjoy the same environment and nature that I do now. I think adults should remember that this is our future too.</p> | |
