Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The application is on Green Belt land under the adopted Local Plan. The addition of 123 properties will increase the properties in the by a Third thus causing great change to the rural character and views in the village. It also change the biodiversity and removal of trees which have TPO's.</p> <p>The plan is adjacent to Ancient woodlands, which have been around since the 1600's, and would cause irreplaceable damage to this woodland as well as the numerous species of wildlife which reside there.</p> <p>It will not increase the local facilities of the village which consists of, 1shop/post office, 1pub and a Primary School. There are no Doctors or Dentists in the village and it is very difficult getting appointments in nearby surgeries at present.</p> <p>Public transport in the village is very limited with only 5 buses per Weekdays and Saturday into Huddersfield and back with the last bus leaving Huddersfield for the village at 17.15 on weekdays and 16.40 on Saturdays There are No buses to and from Huddersfield on a Sunday.</p> <p>Barnsley Road, A635, is a fast, busy road a major link to the M1 and difficult to cross by pedestrians. The development would bring at least 180 cars per day onto this road at a point near to where there as been 5 major busts this past 12 months. The addition traffic will cause more problems with the extra HGV's from the approved Quarry development. There would also be problems on this road with parking from the site if it was passed</p>
