Dear Sir,

I wish to register my objection to the proposed housing estate in Upper Cumberworth. I was born in Cumberworth and lived there with my Parents, who still reside there, until my marriage.

I played in the Woods and Fields as a child, and still continue to walk there, with my own Wife and two children when I visit my Parents, very often.

I believe the new development would harm the ancient Woodlands and change the character of the Village for the worse.

Yours faithfully
