<p>As a regular visitor to friends and facilities in Upper Cumberworth, Denby Dale and beyond, I would like to object to Planning Application number 2025/93572 on 3 grounds - increased traffic, the impact on local schools/services and the negative effect on ancient woodland/habitat.</p> <p>1) Having had a serious car accident myself on Land Head Road at the Carr Lane/Cross Lane junction I have grave concerns that the proposed development will increase the pressure not only on the A635 but also surrounding roads. Additionally I understand that quarry traffic is going to increase due to a recent approval.</p> <p>2) Upper Cumberworth is not well serviced by public transport meaning greatly increased car use which also ties into point 1. Not many facilities can be accessed on foot either. Added to that there will be extra demand on doctors, schools etc.</p> <p>3) The ancient woodland that will be impacted by this development will destroy valuable natural habitats. I am not convinced that this has been considered sufficiently by the developers.</p> <p>Thank you for considering my objections and I hope that the planning committee will take my concerns into account.</p>
