<p>I wish to object to this proposed development on the following grounds:</p> <ol style="list-style-type: none">1 The proposal is premature being submitted ahead of the completion of the Local Plan review and the formal Call for Sites process, undermining the plan led system.2 The site is designated Green Belt land in the adopted Loal Plan. The proposed development does not fall within any of the exceptions for appropriate Green Belt development.3 The development would result in harm to ancient woodland, an irreplaceable habitat afforded the highest level of protection in national policy.4 There is evidence of existing drainage and sewer capacity problems which could be exacerbated by the development.5 The development would exacerbate existing highway safety issues on the A635, particularly when combined with approved quarry traffic.
