Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I wish to strongly object to this planning application.</p> <ul style="list-style-type: none">* The proposed development is on green belt land.* The proposed development will be adjacent to Ancient woodland.* The proposed development will have a negative impact on the local communities amenities. The GP, Dentist and local schools are already at full capacity* The proposed development will have an ecological impact. It will be a negative impact and it will be irreversible.* The proposed development is in an unsustainable location. The village's existing drainage and sewers are already at capacity. The increase in traffic from 123 new homes will be significant and dangerous on the already infamous A635.* The proposed development is on a site where an existing Tree Preservation Order is in place. <p>Kirklees Council have their own set of advisories regarding planning permission on Green belt sites and on sites of historical relevance .</p> <p>Should Kirklees Council grant planning permission for this development they will have completely contradicted their own planning regulations.</p>
