Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>Greenbelt land should not be used for building. There is plenty brown field sites available in South Kirklees.</p> <p>This site sits adjacent to a Medieval archaeological site which may well extend into the proposed building site.</p> <p>The water and electricity supplies can not cope with the present housing. Water leaks on the site have been ongoing for a long period of time with little success in them being remedied. Water leaks on the main road are frequent and we have been subjected to 7 unplanned power cuts since the start of 2025 at our house.</p> <p>Road traffic on the main road is busy and is due to get worse with the approvals of 120 lorry journeys per day from the new quarry. With the closure of The tip on Wednesdays and Thursday there has been a substantial increase in traffic on other days. If traffic movement is monitored it needs to be on days when the tip is open.</p> <p>The proposed site is very near to Ancient Woodland - too near some would say. The wide variety of Wildlife is going to be badly affected if this development is approved.</p>
