<p>There is an ancient woodland behind this developement which requires protection and 10 mtrs. Is not adequate. The land is green belt and we should not be building on it. The development will certainly cause traffic problems on both Barnsley rd. and Carr hill road in particular and we could possibility see an increase in accidents. The infastructure for this amount of properties is not in place ie schools, doctors dentists etc. If water or sewage issues occur and leak into the wood and then the river this may cause problems as far downstream as clayton west.</p>
