<p>I live in the village with my grandchildren. It is already dangerous enough walking through the village with them, soon there will be quarry trucks too, and this development could add another 5 to 600 car journeys a day. Weekly crashes at the crossroads at the end of the road already.</p> <p>Grandchildren and I love walking in the woods and seeing the wildlife, the foxes and the deer when we are lucky. Building right next to this wood will destroy its ecosystem. This isn't about nimbyism, it's about sense. It's about destroying the environment and a village. Adult planning needs to be done and not easy knee jerk reactions...think about the future of our children and not short termism. Please reject.</p>
