Subject: Objection to Upper Cumberworth greenbelt development

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To whom it may concern,

Ref. Upper Cumberworth 2025/60/93572/E

My name is _____ and I'm emailing my concern over the proposed 123 new houses to be built on greenbelt land in Upper Cumberworth. I do not live there but visit a friend regularly and we often go for walks through the fields and the woods right next to the area in question.

It is a place of great beauty, not just because of its famous 'broccoli' tree but also due to the diversity of flora and fauna which live there. The ancient woodland is absolutely irreplaceable, providing a vital habitat for all the wildlife and plant-life as well as being of historical importance itself. Furthermore, its ability to absorb significant amounts of car pollution and replace it with oxygen makes it a key component of the village.

As for the residents, it's not only their local landscape that will be irreparably damaged but so too the character of the village. It will become less desirable due to the increase in traffic and the reduction in available amenities which will impact negatively on everyone.

Please can you take these matters of great importance into consideration when deciding whether to grant the application or not.

Yours faithfully,

117 Meersbrook Park Rd, Sheffield, S8 9FP
