<p>I have several objections The village can't take anymore traffic. The Sovereign Crossroads in particular is a death trap! The crossroads near the post office similar. Most footpaths are very narrow and speeding lorries a particular hazard. Regarding the environment, the field is beautiful greenbelt near even more beautiful woodland which is home to much wildlife. The disturbance of building followed by up to 500 new residents with in excess of 200 cars will be an environmental disaster. The village just can't take a development on this scale.</p>
