<p>Increased road use combined with the new quarry traffic will worsen the existing safety problems re the Sovereign crossroads, the Star junction and the Carr hill road rat run. Development would exacerbate the existing water supply, drainage and sewer problems.</p> <p>There are limited facilities in the village, very poor public transport and this housing congestion will irreparably destroy the village environment and it will become a faceless dormitory suburb of car commuters.</p> <p>The green belt should be protected at all costs, not least within the Kirklees own plans; to develop current agricultural land would be inexcusable.</p>
