<p>I'm writing to object to the proposed planning application Upper Cumberworth 2025/60/935/E.</p> <p>My objection is based on the following concerns; firstly the site is Green Belt land, across the UK we're loosing this land to build more housing stock when existing housing stock lay empty. The proposed development will destroy the local habitat and biodiversity, which is contrary to national policy. It will cause harm to the ancient woodland nearby and its habitat. Our land is beautiful, the development will destroy this. And lastly and most importantly, the development will significantly increase the traffic within the area, increasing the risks of RTA and our children's lives. The main road is already overrun, a speed trap and lacks efficient traffic calming measures. Our children risk their lives daily crossing the road to school and whilst waiting at the bus stop. The impact of additional housing and cars will only increase this.</p>
