<p>The development would have a severe impact on the irreplaceable ancient growth woodland and cause habitat destruction and disturbance to its wildlife species. Noise disturbances caused by the development will be of great detriment to the wildlife. Additionally, already existing traffic &amp; highway safety issues on the A635 would be exacerbated, creating a dangerous road environment within the village. Plus, the village does not have sufficient facilities, sewage &amp; water services, and transport connections to support an additional 123 houses worth of people.</p>
