<p>I strongly object to this application on Greenbelt land . This is outside of the local plan . There are very serious inaccuracies in the supporting information submitted by the developer . There was no consultation with local residents that was meaningful and genuine . The online discussion with one resident does not represent the views of the village . The transport figures are incorrect , the distances wildly inaccurate and it is not accurate to report that the village has amenities. The post office and the pub , both oppose this application proceeding .</p> <p>The land is farmed and I strongly refute the suggestion that this is for a hobby. This is a dreadful slight on the young man renting this field who works so hard.</p> <p>The drainage into the Ancient woodland will destroy the ecosystem and jeopardise the wildlife flora and fauna and the increased footfall will cause damage</p> <p>Do the right thing and refuse this application .</p>
