Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes

This site is greenbelt and has so many wonderful characteristics to it. I would like to fully object to this application due to the following reasons:

1. There are better residential sites already allocated in Kirklees for housing
2. Transport - its a very busy road with 123 homes x 2 cars per household. Too much extra traffic on a 40 mile an hour road and already been a number of road traffic accidents and fatalités accidents at sovereign junction and in denby dale. One in which I was involved in.
3. Ancient wood land that has been there centuries needs protecting and is well used by the local communities and local schools/beavers/scouts groups.
4. Ecology - there is local there as well as newts and bats which need protecting
5. TPO's on all the trees within redline boundary and established hedgerows
6. Underground easements of services that need to be retained
7. Hydrology - creating more hardstanding will cause more flooding issues from the river dearne. local and wider flooding downstream,

Lots of people respect this beautiful site and it needs to be preserved for our community and local heritage of Huddersfield. They are better sites to put 123 homes on.

Please protect our heritage and estabished greenbelt land.
