<p>I wish for my address and any other personal details to not be displayed online. There are various reasons why this planning proposal should not go ahead, firstly the development of houses on this section of land will have a detrimental impact to the abundance of wildlife in the area as their habitat will be disrupted. Also, the surrounding road network is insufficient to withstand the increased traffic brought by more homes. This increases the risk of collisions which is obviously a huge safety matter. Finally, the development will have a negative impact on the character of the area as the view will be obstructed.</p>
