<p>I'm a young person so you probably aren't interested in what I have to say . But I have been walking in the woods next to the field all my life , my mum has pictures of me being carried in there and toddling about when I started walking . We go there as a family . It's quiet and peaceful , you can just hear the birds singing . I've seen lots of wildlife , herons , deer , frogs , bats in there . Plus the ants which are all over the floor. These animals will be lost. You always feel better after a walk in the woods. Please don't build these houses and destroy this wood . Think of the climate and environment and say NO .</p>
