<p>This development is far too big for such a small area the rural roads are not able to accommodate such a development also the issue of ancient woodland and a tree which has a protection order on it the developers have tried to cram as many houses in the permitted space there are so many issues with infrastructure of the area and the way this development would ruin wildlife habitats the area is used by many as a quiet peaceful area to walk and relieve stress we are running out of such areas please find a more suitable location to develop</p>
