<p>This development doesn't seem to be inline with the councils housing plan, The proposed site is greenbelt land and not in the local plan.</p> <p>There also seems to be a number of errors with the application as submitted, if the demonstrated low level of attention to detail is applied to any future works, how can the council trust that the proposed application will be developed as promised.</p> <p>Ancient wood land needs to be protected, I don't see in the application how this proposed plans will ensure that the rural history of the area will be maintained.</p> <p>These are just a few potential issues with the application, HD8 is already over run with housing and traffic, the council will need to invest a lot of money in infrastructure to support more and more unplanned developments.</p>
