Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I want to object to this application for outline planning on the following grounds.</p> <ul style="list-style-type: none">- This is Greenbelt land which produces crops on an annual basis, it currently has grazing sheep. There is no justifiable reason to build on this land- the land is a significant part of the upper Cumberworth village , it is visible from all directions and is a part of the Greenbelt vista from Birdside. To build here will alter the character and nature of the village- the field abuts ancient woodland and this is a valuable amenity for everyone from neighbouring villages , people walk their dogs and enjoy the peace and quiet that the network of paths afford. The upper Dearne woodland is referenced on the internet for its beauty and for the variety of flora and fauna the woods support. The proposed buffer is woefully inadequate and if this proceeds the trees and the landscape will be damaged from the construction and increased noise and pollution.- children got very excited when remains were discovered in the woodlands , detailing evidence of archaeological remains. It is likely that the field contains more archeological artefacts and heritage.- I travel through Cumberworth daily and the traffic is horrendous. You cannot pass safely up Cumberworth lane at school times , made worse by the fact that the post office is the only reliable service for many miles. Parents drive children to school as they are working , so to suggest cycling and walking routes shows a complete unawareness of the reality of the area.- I dispute the need for local housing , just look on Rightmove there are on average in excess of 300 houses in a five mile radius, with around 100 being offered below the price of the lowest priced new build. <p>Please refuse this application</p>
