Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I object to this application for outline planning . I walk here with my children on a regular basis , it's a little oasis , a network of paths through the woodlands. This is great to get my kids out safely enjoying the fresh air and where they can simply wander , playing in the streams and loving nature . There aren't too many of those places left for us and our kids . If you allow this Greenbelt field to be built on , the noise and the pollution not just during construction will severely damage this little haven These woods have been here since the 1600s and deserve to be protected.</p> <p>I'm very worried about the traffic that will result , especially as you have recently approved a quarry that will generate 120 HGVs each day during the season. Driving up Barnsley road is a nightmare , heavy traffic and often speeding . The post office in Cumberworth is the most reliable in the area , shepley closed and Denby Dale often not open . In school opening and closing times Cumberworth lane is impossible to pass , cars often stick out at the junction as they cannot get past parked vehicles. It is a nonsense for the developer to talk about minimal traffic , people do not walk or cycle to take their children to school they drive and our roads cannot cope with this increased traffic . The road is often closed due to burst pipes and the drainage system can't cope .</p> <p>The development is just to large , it will increase Cumberworth by about a third , nor is it in keeping with this village , there is no history of apartments .</p> <p>Please refuse this application which is outside of the local plan</p>
