| <p>I strongly object to this application on green belt land and outside the local plan . There are serious concerns about</p> <ul style="list-style-type: none">- the land is farmed- the land is green belt- it abuts protected ancient woodland- the land is home to a variety of flora and fauna- it is a site for the Northern Hairy Ant ,the only colony in Kirklees - more trampling and erosion of the woodland will destroy this- there are long range vistas that will be destroyed- the amenities do not exist- transport links are inadequate and unreliable- the traffic is horrendous already , especially given the quarry application and approval- drainage for foul waste and surface water are inadequate. <p>Refuse this application and don't destroy this beautiful village and its heritage .</p> | |
