<p>We are primarily concerned about the increase of traffic this proposed development will cause on Carr Hill Road where we live and at the junction by the star pub where carr hill road meets Barnsley road which is an accident hotspot. This problem extends to the sovereign junction which is a notorious high accident area with poor traffic visibility and speeding vehicles.</p> <p>The whole area is already congested with school traffic, post office deliveries/collections and heavy goods vehicles and quarry runs.</p> <p>Adding a potential 130 houses to the problem is detrimental to all residents who already live here.</p> <p>From a young persons view the argument that these houses are adding affordable housing to the area is barely relevant as so few are proposed to be starter homes. The majority will be no-doubt out of most young first time buyers budget.</p>
