Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The choice of site to build 123 dwellings will have a devastating impact on the natural landscape and ecology of the area. Disturbing the balance of the ancient woodland and the course of the river Dearne.</p> <p>Access onto the main road for a large number of cars/bikes etc (2 cars per household is usual these days) will be dangerous for pedestrians and fellow road users. There are difficult existing junctions to negotiate at the Sovereign and the Catchbar closer to Denby Dale and Carr Lane is already affected by speeding traffic trying to avoid the junction at the Sovereign. All these roads will also be impacted by planning decisions being made for enlarging the Quarrying work in the area and other housing developments on Barnsley Road and off Cumberworth Lane.</p> <p>Life for pedestrians/wheelchair users etc is already very challenging with very inconsistent footpaths and parking that enables people to be able to independently access services.</p> <p>The public services in this area are underpressure to adequately provide the expected level of care to the existing population (Drs, no dentist, small village school) Support in these areas would need to be provided by the developers.</p>
