<p>I acknowledge the desperate need for housing. However I feel this particular development neither address this problem nor is of benefit to the community v's the cost. The loss off green belt, the precedent set if approved, the need for further infrastructure to name but are few are all reasons I am objecting to this development. I feel there are better suited opportunities to build and improve housing stock which should be exhausted and green belt land, and country side land in general should remain as so.</p>
