<p>These plans will worsen traffic to an area where it can be quite poor anyway. Especially for those living in uppercumberworth. You can experience poor traffic all the way down huddersfield road already. I know this as I personally have to use it to get to work. As well as the traffic, this area is scenic and quiet and I am concerned on what affects this will have on the trees and landscape if houses are built here. This will affect the locals as many come to this area to hike and dogwalk due to the picturesque nature of the land.</p> <p>These plans will have a negative impact on the natural environment surrounding the area as litter and overcrowding are very much inevitable at the local woodland if the plans go ahead.</p>
