| <p>This land is green belt and as such should not be built on. We have plenty of brown sites in Kirklees which are ripe for development.</p> <p>The impact on the local schools, doctors and roads will be huge. Currently you struggle to get an appointment at the local doctors.</p> <p>The roads around here are busy enough already without adding to them. The junction at the Sovereign is really dangerous, I go out of my way to avoid this junction. The main road is busy enough without adding another 200 + journeys each day.</p> <p>The local water system is struggling already without the extra load.</p> <p>The people living here are unlikely to walk to school, local shops again adding to the infrastructure issues.</p> | |
