

About the application

Application number: 2025/93572	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The proposed development would negatively impact the adjacent woodland and wildlife, both in the short and long term. Once the resident wildlife has been disturbed it will remain displaced for years to come. Our wild spaces are vitally important and the protection and preservation of these habitats is paramount.</p> <p>The population of the village would increase by at least 20% if this development were to proceed. Without the appropriate investment in local infrastructure and resources, this would place significant pressure on already stretched services.</p> <p>The volume and speed of traffic in the village is of considerable concern and the increase in vehicle numbers resulting from this development will further contribute to the likelihood of accidents and risks to pedestrian safety.</p> <p>This development is too large for a village of this size and would fundamentally change its character; negatively impacting the immediate environment and quality of life of residents.</p> <p>I fully accept the need for new housing but this is the wrong development in the wrong place and the negative consequences if its approval would far outweigh the benefits.</p>
