

About the application

Application number: 2025/60/93572/E	
What is the application for?:	Outline application with all matters reserved, bar vehicle access into the site,
Address of the site or building:	Land South of, Barnsley Road, Upper Cumberworth, Huddersfield, HD8 8NN
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>The use of Green Belt land here is not low quality and has NEVER been neglected.</p> <p>The cumulative effect of releasing Green Belt sites will lead to urban sprawl.</p> <p>This development would put massive pressure on the Local Infrastructure ... the roads and healthcare. The A635 already has safety issues. It will be claimed that it is a 40mph and thus no problem for a new entrance; we all know that the speed limit is constantly ignored. A massive problem for school children.</p> <p>There is already a problem with the drainage systems in this area, water pours down the road when it rains. There is also a problem with the capacity of the sewer systems. Our healthcare is already under great pressure ... the availability of appointments is of grave concern.</p> <p>The value of our ancient woodland adjacent to this site must be considered. Ancient Woodland is irreplaceable; the unique, complex soils cannot be recreated. The health of the trees will be affected by a change in water drainage ... the woodland springs will be affected. The National Planning Policy Framework states that planning permission should be refused for developments causing the loss or deterioration of ancient woodland. Has the site of archaeological remains been considered?</p>
