<p>I wish to object to the proposed development for a number of reasons:</p> <p>Given the limited public transport options I believe the majority of people will use their cars. The road junctions in both Upper Cumberworth and the Sovereign are already dangerous and increased traffic will compound this. For properties on the main road in the village it will become more difficult and dangerous to access their properties.</p> <p>There have been ongoing issues with the water supply being unable to cope with the current demands on it. The infrastructure is old and increased demand will make it challenging for all residents to have a consistent water supply.</p> <p>The location of the site is directly adjacent to ancient woodland. I have seen nothing in the plans that I believe is realistic in protecting the woodland. If Kirklees has a project to plant trees as part of Trees for Climate and achieve carbon neutrality, putting ancient woodland at risk seems illogical.</p> <p>The site is not included in the local plan for development on green belt. Once green belt has gone you can't get it back.</p>
