<p>I am objecting to the proposed development for the following reasons</p> <ol style="list-style-type: none"><li>1. It is being built on green belt land which is completely unethical.</li><li>2. The development is far too large when considering that no additional infrastructure is being put in place in the local villages to cope with the extra people that such a large development will bring into the area.</li><li>3. The road that the development exits onto has a serious traffic issue, namely the Sovereign garage junction which at busy times is already severely overloaded as it does not have any form of traffic management and therefore an accident black spot.</li><li>4. The development as with most local new developments is totally weighted toward profit for the builder type housing rather than what is actually required i.e. affordable first time buyer houses or certainly a much greater balance between the two.</li><li>5. The effect it will have on the ancient woodland and the water courses that it borders, much more study needs to go into what effect it would have on these.</li></ol>
