| <p>I object to this planning application for the following reasons:</p> <p>1) It would harm the green belt and I would be concerned about the impact building would have on the nearby ancient woodland. When walking in the woods next to the proposed development we have seen deer and the proposal would disturb their habitat.</p> <p>2) I am concerned about the increased traffic on Barnsley Road where children wait for the middle school bus on a narrow area of pavement. It would also increase traffic at the Sovereign junction which is already an accident blackspot.</p> <p>3) An extra 123 houses would increase the size of the village by almost a third which would damage the rural nature of the village.</p> <p>4) There are existing drainage and sewer capacity problems which would made worse by the development.</p> |     |
